

SEALOEEarth
Serene Environment And Life On Earth

A world in which all people participate in the stewardship of planet Earth.

Newsletter

Rotary International

It was an honor to be invited for the celebration on the occasion of the 80th anniversary of Rotary Club of Bangalore on July 6th, 2014. The chief guest at this function was the Rotary International President Rtn. K. R. Ravindran, who gave an inspiring talk with great personal stories of his experience working with people around the world.

Rotary Bangalore Palmville and Rotary Bangalore Lakeside jointly arranged a special meeting for the World Flag presentation on July 27th, 2014. The talk was well received: *“There were very few speakers who have left such a mark on the audience. Thank you for promoting a cause as Noble as World Flag. We are proud to be associated with you.”*

Two Rotary Bangalore Presidents, Rtn Anantha Bhat and Rtn A. K. Balan, enthusiastically expressed interest in working on projects with SEALOE Earth on common strategic goals.

Flag Hoisting Ceremony at the High School

Poornaprajna High School is a prestigious educational institution in Karnataka. The Principal, Ms. Kirthi P Shetty, staff, and over 150 students of Poornaprajna High School in Yelahanka, Bangalore hoisted the World Flag on July 26th, 2014. Many thanks to the Honorary Secretary of Poornaprajna Education Center, Mr. S. S. Hubli for the invitation.

The high school students were excited to learn about the educational aspects of the World Flag that focused on the interdependence of life on Earth. They asked many questions and gave many, many meaningful suggestions on how SEALOEarth can work on new initiatives focusing on the environment.

Bharat Scouts and Guides

The chairman of Asia Pacific Region of World Scouts Committee, Mr. M. A. Khalid, and the National Secretary, Bharat Scouts and Guides, Mr. M. A. K. Makki had arranged a workshop on “Green World, Clean World” initiative with SEALOEarth at Sri Sai College in Bangalore on July 26th, 2014.

Several Green Group leaders gave a presentation on the work they had done in the past year. Certificates were given out jointly on behalf of SEALOEarth and Bharat Scouts and Guide to key volunteers for their outstanding generosity and dedication to community service in the Green World Clean World 2013-2014 campaign.

The workshop was a success. It surely helped us, SEALOEarth and Bharat Scouts and Guides, in building a stage for a joint venture.

Tree Planting at the Research Institute

The Director of Poornaprajna Institute of Scientific Research (PPISR), Dr. A. B. Halgeri, graciously hosted the visit to learn about the latest scientific research in therapeutic drug discovery as well as the World Flag initiative. Dr. K. Anand, Assistant Professor of Biological Sciences, presented the vote of thanks.

After learning about the environmental focus of SEALOEARTH, Dr. Chaitanya Hiremath was touched by the kind gesture extended by Dr. Halgeri and his staff, who had arranged a tree planting ceremony on their institute campus.

Thank you

SEALOEARTH is grateful for the love and support of people from all walks of life who genuinely want to help build a world that is in harmony with nature.

Many People. Many Species.

One Earth. One Home.

Celebrate it.

- *Dr. Chaitanya Hiremath*
